Programming

JAVA SE,
 Python,
 Laravel,
 SQL,
 HTML/CSS,
 JS/jQuery,
 PHP,
 Android,
 Bash,
 UML,
 Node.js,
 learning:
 JAVA FX, JAVA EE,
 Chinese, C++, C(.NET),
 BigData technologies,
 JS and PHP
 frameworks

Character

determined,
 open-minded, curious

OS

GNU/Linux ★★★★★
 Unix ★★★★★
 MacOS ★★★★★
 Windows ★★★★★

Languages

French ★★★★★
 English ★★★★★
 German ★★★★★
 Spanish ★★★★★
 Romanian ★★★★★
 Russian ★★★★★
 Chinese ★★★★★

Experience

04/18 - 09/2018 **IT trainee : developer**

Deloitte, Luxembourg

Assignments:

- C# TDD software engineering (re-factoring and testing standalone application)
- Code a software components monitoring application
- Construct a complete JMETER workflow
- Code a log system with ELK
- Create an internal framework for our service
- Think and Build some way to benchmark efficiently
- Code some react components for the service
